If you want more mods like the Steve mod, you can visit the website of this mod author and download any mods that have been created by him. The site has been around for a while, so it is safe to download any mods that he has created. I have never downloaded any of his mods before but I would really like to check them out because they seem really interesting to me. So far, the only Steve mod I have seen is an awesome character mod (which allows you to make your own Steve character in Minecraft).",

Minecraft Creative has a variety of different options and settings for your game that will give you complete control over it. You can change almost everything about the world from the seed number to what biomes appear on your server. You can also choose weather, day length, time of day or create custom rules that will automatically apply certain environment settings and visual effects. The possibilities are endless but if you want to start playing with these options, you must have Forge installed.",

These kinds of mods are used for adding new blocks into the game and modifying existing ones. They will also add new features and functionalities into the game so that you can build bigger, better, and more awesome structures than before. No Drop Block: This kind of mod does not allow blocks to drop when they are destroyed by any means. This is great for if you find your character destroying a lot of your hard work.",

Minecraft Servers are great for those who want to play Minecraft with friends, as there is no limit on the number of players allowed and while there are limitations on the maximum number of villagers you can build, you can place practically anything. You will need a high-speed internet connection and a few more dedicated resources than your average computer user may have, so if you are running your server on a VPS or physical machine, it is recommended that you go with an account that offers reliable bandwidth with enough RAM and CPU to keep up with the demands of all players who are online at once.",
