Minecraft mods can be downloaded from the internet, but the most common mods are available on many websites that allow you to download. There are a few Minecraft players who download mods for free, but most of these people are looking to get a scam or something in order to cheat their way to owning Minecraft. It is wise not to download any mods that you come across on forums, because you could end up with a virus or other malware on your computer. The best way to find out whether or not a mod is safe would be to check the creator's website. I have put together a list of some of the most popular sites that host mods for Minecraft. Gameplay",

Minecraft hack is a very helpful feature. This is because it increases the amount of health,food and resources available in game, just like cheats do for other games while playing on multiplayer servers. The things you can get are infinite. Basically, this means the developer of the program has put all the items into a chest or an inventory, and if you extract something from it, this will auto-generate it. However, there is a slight problem that sometimes things will appear in your inventory when they were not added to it by the developer of Minecraft hack.",
